

LED WALL PACK MINI BOLWM

DESCRIPTION

Designed to be an energy efficient, eco-friendly and cost effective replacement for traditional fluorescent, high pressure sodium and metal halide wall packs, Blue Ocean's BOLWM LED Wall Pack Mini series is composed of a shock proof and UV resistant polycarbonate lens and an sealed die-cast aluminum profile with polyester powder-coated finish to resist rust and corrosion. IP65 rated to be free from contaminants, bugs and rain, this LED Wall Pack utilizes built-in high-efficiency UL class 2 driver and superior quality LED chips, providing optimized shelter-free and glare-free illumination, with high energy efficiency, great colour uniformity and minimized lumen depreciation. Built-in photocell is available in 120V and 120-277V versions. Suggested applications: building entrances, stairways, security, residential exteriors, storage and perimeter areas, or anywhere security lighting is needed.
