# LED CABINET LIGHT
## BOL20877-SG

DESCRIPTION

Offering excellent lighting for under-cabinet areas, coves, garage spaces, concealed areas and anywhere where little extra illumination is needed, Blue Ocean's BOL20877-SG LED Ultra-thin Under Cabinet Puck Light series is a great choice for you to flourish your inner design in terms of energy efficiency, light quality and low heat generation. This square shape puck light series is constructed of aluminum housing with silver grey finish and features easy surface mount installation coming with 1.5M 24# AWG outlet cable and 91505-MP plug. Utilizing 12 pieces high-end 5630 LED chips and translucent frosted diffuser to ensure its high efficacy and color consistency, the puck light consumes only 3W power and delivers exceedingly comfortable light with no flicker or delay. Color temperature is available in 3000K warm white and 6000K cool white. Great thermal control technology is applied with little heat generation, protecting the cabinet from warping.
